

Limited Torque Wrench

- Efficiently for high-volume tire changing
- Limited forward torque with torque stick :
 - Prevents overtightening of lug nuts
 - minimizes alloy wheels damaging
 - max. 100 Nm (75 ft-lb) at 6.2 Bar (90 PSI)
- Final tightening torque by calibrated torque wrench

why torque stick works

24238T

Limited Torque

- Torque Stick
- max. 100Nm (75 ft-lb)

- Easy Change Direction in Forward and Reverse

Item No.	Speed RPM	Max Torque Nm/ft-lb	Square Drive	Length mm/inch	Weight kg/lb	Vibration m/s	Noise Level LpA / LwA	Working Pressure Bar / PSI
24238T	10,000	816 (600)	1/2"	114 (4.5)	1.1 (2.4)	7.48	94.6 / 95.6 DB	6.2 (90)
